Prediction Result

Heart Disease Detected

Probability Score: 71.0%

Suggestions for Heart Health

- Maintain a balanced diet rich in fruits, vegetables, and whole grains.
- Engage in regular physical activity, such as 30 minutes of moderate exercise daily.
- If you have a habit of smoking or alcohol intake, avoid smoking and limit alcohol intake.
- Monitor and manage blood pressure, cholesterol, and blood sugar levels regularly.
- Consider consulting a healthcare provider for personalized treatment options and lifestyle adjustments.
